

Sustainable Neighborhood Calendar 2017-2018

Overview

Greater Park Hill has joined the City and County of Denver's Sustainable Neighborhood program. Our year runs from August 2, 2017 (the date of our kickoff event) through August 1, 2018. We are in our first year of the program and our goal is to receive Outstanding status by the end of that term. To do so, we must earn 100 credits, which are awarded through a formula developed by the City. The types of events and activities that can earn credits include: Neighborhood Workshop, Special Event, Neighborhood Resource, Neighborhood Inventory, and Implementation Goal Setting.
