

Sustainable Neighborhood Program Event/Program Submission Instructions

Overview

The Sustainable Neighborhood Program provides support to neighborhoods in order to assist citizens in enhancing neighborhood sustainability and reducing the environmental footprint of residents. Neighborhoods in the certification program earn credits for participation and for achieving project goals. Greater Park Hill Community, Inc. coordinated the application that enrolled Greater Park Hill in the program in 2017.

Our role

GPHC is here to make sure we maintain Outstanding Sustainable Neighborhood status (achieved by earning 100 credits each year) and to provide support to neighbors interested in planning and coordinating events. If you are planning something and want support from GPHC, please email: info@greaterparkhill.org. We also host our own sustainability programs and events and would love to coordinate together!

Your role

Neighbors and organizations in Greater Park Hill are most likely to be submitting forms for the following types of events:

- Neighborhood Workshop - any event where the goal is to increase understanding and awareness around a topic (for instance, a workshop on chicken keeping).
- Special Event - a neighborhood-wide activity in which community sustainability is enhanced through resident action (for instance, a community clean up event).
- In some rare situations, you may be creating a Neighborhood Resource, but we ask that you discuss this directly with GPHC staff so we can help distribute the resource.

Any event that takes place in our neighborhood can count toward Sustainable Neighborhood status as long it is planned and executed by residents or GPHC (assistance from partners is allowed). There are three steps to submitting an event:

1. [Complete a Proposal Form](#) as soon as you have your details (mostly) nailed down
2. Hold the event and keep track of how many people attend
3. [Submit a Credit Form](#) once the event is completed

Some tips

- Try and submit your proposal at least one week prior to the event's date.
- Be sure to select the correct neighborhood: Greater Park Hill
- Choose one or more goal areas. Most events or workshops will include at least the "People" goal area.
- Remember to complete a Credit Form once your program concludes!

Any questions or concerns?

Please email us at director@greaterparkhill.org or you can reach the Sustainable Neighborhoods Program Coordinator at SustainableNeighborhoodsDenver@denvergov.org.

Thank you for helping make Greater Park Hill a more sustainable neighborhood!
